HALCON - LICENSING SCHEME

Nodelocked License / Dongle

Important:
- Only for Windows XP, Vista and 7
- Typically used for:
  - Generally different users working with different computers.
  - Development licenses AND runtime licenses
  - Notebooks without network access

Please note:
(if you already have HALCON installed):
- Do not forget to install the dongle driver (see Getting Started) on the License Server.
- Check dongle with > lmhostid-flexid

Floating License / Dongle

Important:
- Only for Windows XP, Vista and 7
- Typically used for:
  - License Server which needs to be transferred from one computer to another.
  - More than one development license

Please note:
(if you already have HALCON installed):
- Do not forget to install the dongle driver (see Getting Started) on the License Server.
- Check dongle with > lmhostid-flexid
- Not available for runtime licenses
